1. Product description:

Bonded Diamond Dresser

Dimensions (in):	7/16" x 15/16"
Dimensions (mm):	11 x 24
Specification:	DN16M100MIN.S

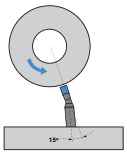

RCO-DG3

Wheels

Operating instructions

Surface Grinder

1. Application

• For dressing operations in external cylindrical and flat surface grinding.
• Suitable for dressing vitrified or resin-bonded aluminum oxide grinding wheels with grit sizes from 24 to 54.
• Ideal for wheels between 350 mm and 500 mm in diameter.
• The large contact surface helps reduce dressing and grinding time.

2. Operating instructions

• Mount the dresser properly on a tool holder.
• The 7 mm width should be parallel and tangent to the wheel's face width.
• Perform the dressing operation.

3. Safety information

• Always use safety guards.
• Never exceed the maximum operating speed indicated on the product.
• Always wear complete personal protective equipment (gloves, hearing protection, mask, and safety glasses).
• Improper use may cause serious injury.

4. Handling

• The initial inspection must be carried out in the original packaging. If there is visible evidence of damage, the merchandise should not be accepted.
• Handle the dresser carefully to prevent impact or drops. If the dresser shows any fracture, chipping, or visible damage, it must not be used.

5. Storage

• The dresser must be stored in clean, dry conditions, preferably in its original packaging, and kept away from hot, cold, or wet surfaces for prolonged periods.

6. Packaging units

• 1 piece.
