1. Product description:

Abrasive stick for diamond and CBN wheels

Dimensions (in):	8" x 1" x 1"
Dimensions (mm):	200 x 25 x 25
Abrasive:	Aluminum Oxide
Specification:	89A220H5VA2
Grit:	220

L = 200 mm
T = 25 mm
A = 25 mm

Diamond & CBN wheels

1. Application

- For cleaning and dressing diamond and CBN wheels.
- Ideal length for manual operations.

2. Operating instructions

- Manual use.
- It is recommended to moisten the stick with lubricant for best results.
- Use at least 20 mm of the stick during dressing to ensure good cutting performance.

3. Safety information

- Always wear full safety equipment (gloves, hearing protection, face mask, and safety glasses).
- Improper use may cause serious injury.
- Use as specified by ANSI B7.1 standard.

4. Handling

- Initial inspection should be carried out in the original packaging. If there is visible evidence of damage, the product should not be accepted.
- Handle sticks carefully to avoid impacts or drops that may reduce product life.

5. Storage

- Store sticks on a flat surface; do not strike or drop them.
- Sticks must not be exposed to:
 - (a) Water or other solvents.
 - (b) Extreme temperatures or humidity conditions.
- For more information, refer to the ANSI B7.1 standard.

6. Packaging units

- 5 pieces.
